

Monthly consultation rates of acute conjunctivitis reported by General Out-patient Clinics (GOPC) and Private Medical Practitioner (PMP) Clinics

Column	Type	Description
month	Integer	Month
gopc	Number	Consultation rate in sentinel GOPC (per 1000 consultations)
pmp	Number	Consultation rate in sentinel PMP clinics (per 1000 consultations)

Note:

- 1. The Centre for Health Protection has started to use electronic data on diagnosis coding of patients of the Hospital Authority's General Out-patient Clinics for sentinel surveillance since January 2020, replacing manual data collection in the past.*
- 2. The information in 2019 was last updated on 28 December 2019.*
