

Setelah menerima vaksinasi, harap tetap di area istirahat

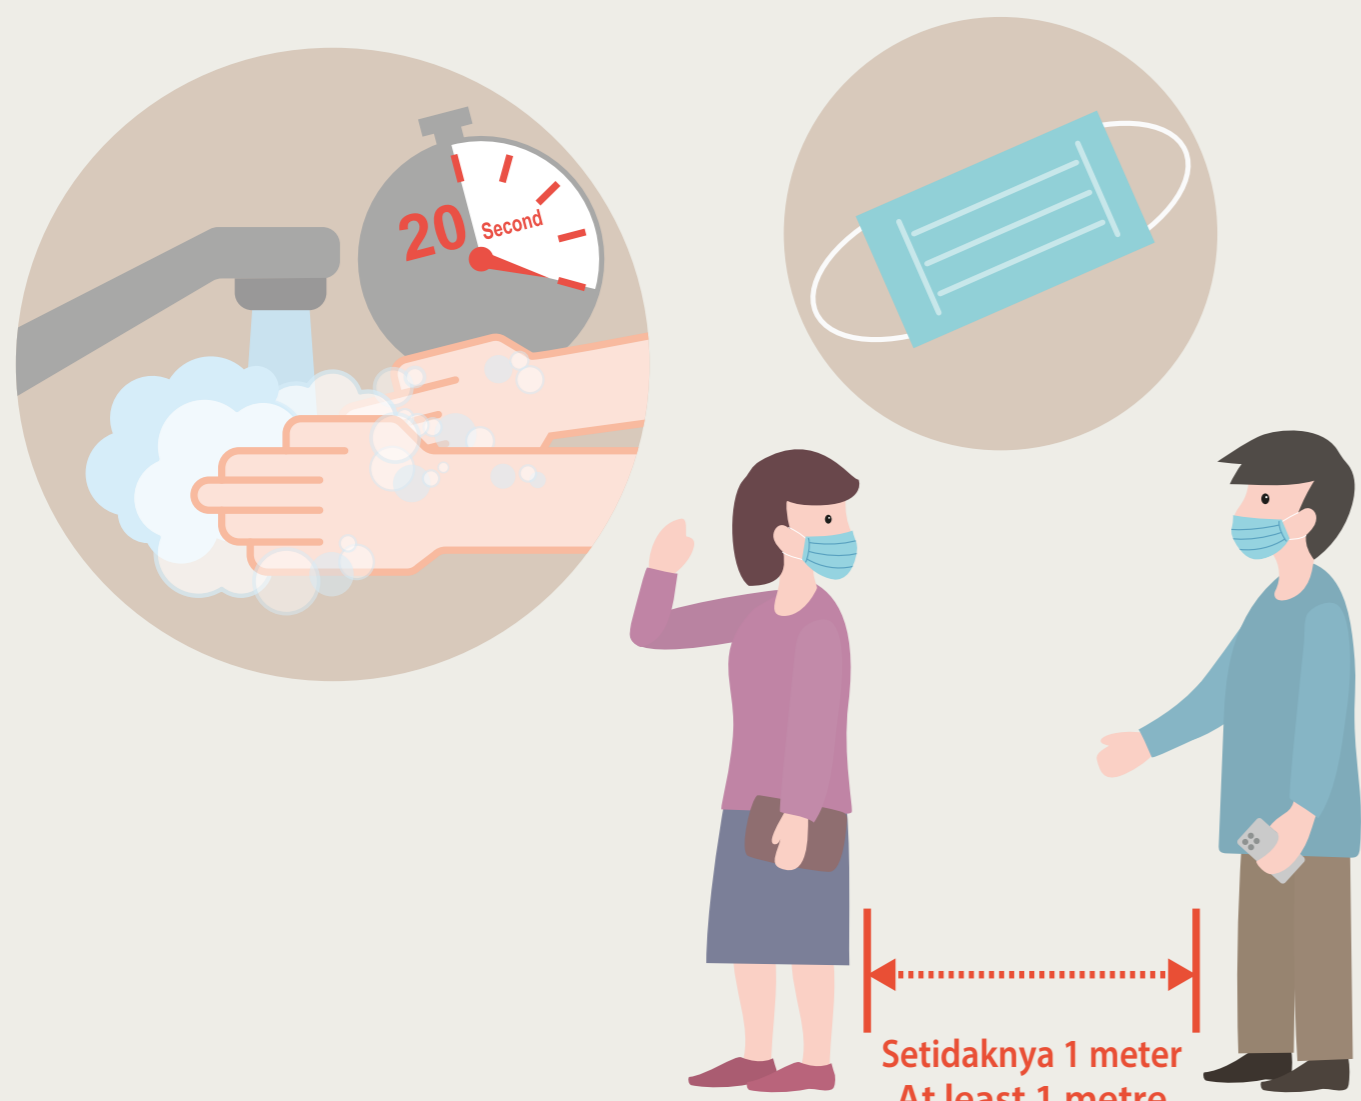

After receiving vaccination, please stay in the resting area

30 menit 30 minutes

Jika Anda mengalami efek samping setelah vaksinasi, harap laporkan ke ahli perawatan kesehatan Anda, termasuk dokter, dokter gigi, apoteker, perawat, dan Praktisi Medis Tiongkok dan berikan persetujuan kepada mereka untuk melapor ke Departemen Kesehatan untuk memantau keamanan vaksin. Mereka akan menilai apakah pelaporan diperlukan.

If you develop adverse effects after vaccination, please report to your healthcare professionals, including doctors, dentists, pharmacists, nurses and Chinese Medical Practitioners and give consent to them to report to the Department of Health for monitoring the safety of the vaccine. They will assess whether reporting is necessary.

Vaksin mungkin tidak melindungi 100% dari mereka yang telah menerima vaksin. Untuk melindungi diri sendiri dan orang lain, harap terus amati tindakan perlindungan setelah vaksinasi, termasuk **pemakaian masker, kebersihan tangan, dan jarak sosial**.

The vaccine may not protect 100% of those who have received the vaccine. In order to protect yourselves and others, please continue to observe protective measures after vaccination, including **mask wearing, hand hygiene and social distancing**.
