07 May 2020

Dear Doctors participating in VSS,

Invitation to join the
2020/21 Seasonal Influenza Vaccination (SIV) School Outreach (Free of Charge)

Public-Private-Partnership (PPP) plays a significant role in promoting seasonal influenza vaccination to school children. In 2019/20, the Department of Health (DH) regularised school-based SIV outreach and launched the 2019/20 SIV School Outreach (Free of Charge) to cover interested primary schools and expanded to Kindergartens/Child Care Centres (KG/CCCs) as a pilot programme. The responses from the participating doctors, schools and parents are all encouraging, with an increase in the children's vaccination coverage rate. To continue the efforts, we would be delighted to inform you that the **Primary School Outreach will continue and KG/CCC Outreach will be regularised in 2020/21 SIV School Outreach (Free of Charge)**.

We now cordially invite doctors to join the captioned programme in the 2020/21 season. The arrangement for 2020/21 is **basically the same as 2019/20**, while **the subsidy level for KG/CCC will be increased to HKD \$270 per dose**. Please refer to the **Annex I** for details of 2020/21 SIV School Outreach (Free of Charge).

For **application**, please complete the attached **Form A (Application Form) and Form B (Assessment Form)** by fax (2984 9608) or by email (pilotsiv@dh.gov.hk) **on or before 15 May 2020**.

If you have any queries, please call our designated programme hotline at 2125 2128.

Yours faithfully,

(Dr Ada LIN)
